SUMMARY

Full Stack Developer specializing in MERN stack development with expertise in building scalable web applications, implementing RESTful APIs, and creating responsive user interfaces. Experienced in database design, user authentication systems, and modern JavaScript frameworks.

EDUCATION

Chandigarh Group Of Colleges, Landran - Mohali   Graduated May 2025
B.Tech in Information Technology
Relevant coursework: Web development ,Operating Systems; Algorithms; Data Structure; DBMS;

TECHNICAL SKILLS

Full Stack Development: MERN Stack (MongoDB, Express.js, React.js, Node.js), RESTful API Development
Frontend Technologies: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Responsive Design
Backend & Database: Node.js, Express.js, MongoDB, MySQL, JWT Authentication
Programming Languages: Java, C++, C
Tools & Integration: APIs, Cloud, Git, Version Control

WORK EXPERIENCE

AGI Innovations Makes360 Private Limited, Mohali, Punjab: MERN Stack Intern   Jan 2025 – May 2025
- Developed and deployed full-stack web applications using MERN stack, implementing RESTful APIs for seamless front-end and back-end integration.
- Built responsive user interfaces with React.js and managed database operations with MongoDB.

PROJECTS

Job Portal   Mar 2025 – May 2025
A full-featured job portal developed using the MERN stack, enabling job seekers and recruiters to interact through secure authentication, job listings, and application management.   *Live Project Link*

- Built role-based dashboards for recruiters and applicants with secure JWT authentication and CRUD functionality for job listings.
- Integrated RESTful APIs with MongoDB to manage user profiles, job applications, and real-time status updates.

Uber Clone   Present
A MERN stack-based Uber Clone featuring real-time ride request and matching system with secure authentication and dynamic dashboards.   *Github Link*

- Implemented JWT-based user authentication and role-based access for drivers and customers.
- Designed responsive dashboards and booking workflow using React.js, Node.js, and MongoDB.

Portfolio Website   Jan 2025
A personal portfolio website showcasing my web development skills, built using core web technologies like HTML, CSS, Javascript.   *Portfolio Link*

- Designed and developed a responsive multi-page portfolio using HTML5, CSS3, and vanilla JavaScript.
- Showcased projects, skills, and contact form with smooth navigation and user-friendly layout.

ACTIVITIES AND CERTIFICATIONS

- Completed "Java from Zero to First Job" (Udemy)
- Winner of Stumble Guys Inter College Competition
- Completed Wireless Ad hoc and Sensor Networks course from IIT Kharagpur
